

## Individual Profile

Date: 1/6/2012

### DESCRIPTION:

We are in search of a provider to work with a 19 year old male who lives on his own in Mount Vernon Ohio. He needs someone who can help him set up appointments (medical, dental, benefits, dropping off and picking up prescriptions, etc.) and will be able to assist him in getting to these appointments. The provider will also be asked to monitor the living environment of the individual and assess any needs that may arise (food being a primary concern). The provider may be asked to assist with grocery shopping if this is found to be an area in which the individual is lacking in. We are looking at around 5 hrs per month.

If interested, please email his SSA (Brody Boggs) at [bboggs@knoxdd.com](mailto:bboggs@knoxdd.com)
