STEVE OSTER, SUPERINTENDENT

## INDIVIDUAL PROFILE

DATE: 06/01/2011

AR is a 24 year old individual who lives at home with her parents. She is diagnosed with Anoxic Brain Injury and CP and is confined to a wheelchair. She is nonverbal and is a wonderful person to get to know. She enjoys when others joke around with her. She is very pleasant to be around and definitely likes to laugh. Her parents are her guardians and she lives with them in the family home.

AR needs a provider to work with her on an as needed basis per schedule with the family. This will involve evenings and weekends as scheduled. AR needs her provider to be certified in medication administration and have a g-tube certification or be willing to obtain these certifications to work with her.
