Type of Services requested:

☒ Homemaker/Personal Care (Independent Provider)

☒ Transportation

Projected schedule for services: ASAP

Is this schedule flexible: ☐ Yes ☐ No ☒ Somewhat- explain: The family is looking for a provider to get to know D that he can build a trusting relationship with. This provider would spend time with D at home and provide services one day per week from 9am-2pm. This will then hopefully develop into a relationship with future additional potential services in the community in addition to the one day per week.

The best way to communicate with me is: D is verbal and can communicate easily with his provider.

Things I need help with: D has a very supportive family. D and his family are looking for someone to come into the home one day per week to build a relationship with D and provide support.

Any other important information to know: D is a 10-year-old active, high energy boy. He enjoys building puzzles, playing games, and making crafts. He will also need help with some schoolwork.
