Person's Age: 19, male

City of Residence: Gambier

Funding Source:

☒ Level 1 Waiver

Type of Services requested:

☒ Homemaker/Personal Care (Independent Provider)

☒ Transportation

Projected schedule for services: ASAP

Is this schedule flexible: ☐ Yes ☐ No ☒ Somewhat- explain: The family is looking for a provider to get to know E that he can build a trusting relationship with. This provider would spend time with E at home and build a relationship with him and then work on providing services both at home and in the community. This schedule would be flexible.

The best way to communicate with me is: E is easy to communicate with and can typically understand what is being said to him or asked of him.

Things I like to do: E enjoys watching sports on TV with football being his favorite. He likes to watch both college and professional football and enjoys talking about football. He is very interested in monarch butterflies and enjoys talking about them. He likes to watch musicals and enjoys going out to eat. E really enjoys listening to music and likes to dance. He enjoys watching monster truck and side by side races at the Fair.

Things I need help with: E needs assistance with some personal hygiene (washing his face & applying deodorant). He needs assistance with transportation and would need help with money management when out in the community.

Any other important information to know: E is on seizure medication but his seizures are well controlled and he has only had 3 seizures in the past 5 years. Since being on his seizure medication he has not had a seizure. E is also very routine oriented and thrives on his routine.
