**Person's Age:** 52

**City of Residence:** Fredericktown

**Funding Source:**

I.O. Waiver

**Type of Services requested:**

Homemaker/Personal Care

**Projected schedule for services:** Saturday &/or Sunday mornings; 2-4 hours each morning

**Is this schedule flexible:**  Yes  No  Somewhat- explain: We'd like both mornings but will be elated with one or the other.

**The best way to communicate with me is:** Joey is sometimes difficult to understand at first, but he's very patient & will continue to repeat himself or use gestures until you get it.

**Things I like to do:** Joey loves being active! He enjoys going to the movies, fishing & out to eat. At home, once he's ready for his day, he likes playing games on his iPad, watching TV, looking at shark books & going outside in pleasant weather

**Things I need help with:** Joey's primary needs include someone who can help him get up out of bed, showered, dressed & have some breakfast. Joey needs assistance with transferring but helps the best he can & is able to pivot with assistance.

**Any other important information to know:** Joey's family has multiple indoor dogs who are very friendly & energetic so the ideal person will also be a dog lover; however, the family is willing to put dogs in another area of the home during Joey's care.
